

Since introducing the Body Stress and Pain Cream we have been asked many times for other products from our friends at Plains Healing Centre. We have decided to offer the following on the recommendation of Roger & Maureen. They are members of the N Z Charter Health Practitioners and are always ready to answer your questions. I can put you in touch. You only need to ask.

### Slumber Time

This Cream is made with the intent to help where there is insomnia or difficulty relaxing and is used by all ages.

**TOP Twelve.** We thought it might be an idea to tell you what products are selling very well. Not just to first time buyers but repeat buyers. When you consider that we send our GARDEN GLOVE TIMES out to 40000 people twice a year, products we sell must sell well. Otherwise we go out of business. Postage costs alone are over \$50,000 a year. We hang our hat and reputation on our products.

| 11. Pruners                   | 12. Swiss Vegetable Peeler |

### Wally's Moss and Liverwort Control

It is a good way to control not only Mosses and Liverworts but also Slimes, Moulds, lichen and algae including ponds and fountains not inhabited by fish or frogs and not connected to a waterway.

Wally's Moss and Liverwort Control is the same chemical formulation that one finds in Surrender, Yield, and McGeggors Yield Moss Control. The advantage of Wally's is that is less expensive than these 'ME Too' Products.
